

# WE VACUUM EVERYTHING

OWNER-OPERATED AND  
INDEPENDENT FOR OVER  
**45** YEARS

**5,500**  
SQUARE METER PRODUCTION  
FACILITY AT THE MELLE SITE

**170**  
EMPLOYEES WITH A  
PASSION FOR EXTRACTION

**30**  
SALES CONSULTANTS  
WITH BROAD EXPERTISE  
ON EXTRACTED  
MATERIALS AND SAFETY

**20**  
EXPERT SERVICE-  
TECHNICIANS WORKING  
CLOSELY WITH CUSTOMERS

REPRESENTED **20**  
IN MORE THAN  
COUNTRIES IN EUROPE,  
AMERICA AND ASIA

**WE  
VACUUM  
EVERYTHING**

## **CLEANING IN BAKERIES**

**Attraction with  
dust explosion-proof  
industrial vacuum cleaners**

### **TASK**

Flour dust can accumulate in bakeries and can be explosive. For this reason industrial vacuum cleaners with dust explosion protection are used to safely flour dust safely.

The ovens in bakeries reach high temperatures and need a while to cool down.

For this reason, special nozzles are used that are heat resistant and can cleaning processes at temperatures of up to 400 degrees Celsius.

This allows the oven to be cleaned efficiently without having to wait for it to cool down.

## SPECIAL FEATIREES

- | Can be used for vacuuming up flour, baking ingredients and product residues.
- | Heat-resistant accessories - e.g. special nozzle for vacuuming vacuuming ovens
- | Dust Ex version, because flour dust is explosive in combination with atmospheric oxygen is explosive.

## ADVANTAGES

- | Large filter surfaces ensure long filter service life
- | Modular construction
- | Central extraction via piping possible

## OUR SOLUTION

### Industrial Vacuum R01 A

- | KW: 2,4
- | Air: 290 m<sup>3</sup>/h
- | Pressure: - 210 mbar

- | Baker's nozzle 400 mm wide with brass wheels and stainless steel bars

# WE VACUUM EVERYTHING

1

## HANDMADE IN RIEMSLOH

If it says Ruwac,  
then there's Ruwac inside.  
All of our products for the  
European market are produced  
in Germany at our Riemsloh site.

2

## INDIVIDUAL SOLUTION

We provide demonstrations  
and advising on site!  
For more than just vacuums.

3

## HIGH QUALITY MATERIALS

A Ruwac vacuum delivers  
outstanding, long-term extraction.  
To make sure this is the case,  
we use high-quality components  
like GRP housing parts.

4

## RESEARCH AND DEVELOPMENT

We are always conducting  
research and development  
so we can meet any requirement  
with the best solutions

5

## COMPREHENSIVE SERVICE-CONCEPT

Over 20 qualified service  
technicians are available  
throughout Germany to  
ensure safety and maintenance  
for your industrial vacuum.

6

## INTEGRATED CONSULTANT

From conception to  
commissioning in  
compliance with  
all standards and regulations.
